<b>Course coordinator</b>	Maria Ranieri
<b>Executive Committee</b>	Maria Ranieri Laura Menichetti Gianfranco Bandini Giovanna Del Gobbo Stefano Cuomo
<b>Contact person for information on teaching organization, class schedule, and course content</b>	Maria Ranieri maria.ranieri@unifi.it Phone 055 275 6181
<b>Practical-professional profile of the course and industry sector of reference</b>	The course aims to acquire training and technological skills useful in working contexts. The purposes fall within the objectives indicated in the Horizon Europe programme. In particular, the course aims to train Instructional Designers who can find a place in both corporate and training environments. To this end, the training activities will be divided into twelve modules that refer to the 3 emerging profiles for the future of technology-supported training: Instructional Designer, Multimedia Technologist and Media Educator. The outgoing profile requires knowledge of the fundamental methodologies of Instructional Design with the ability to design, implement and disseminate effective, efficient and scientific evidence-based teaching paths even within advanced technological contexts (Instructional Designer). Knowledge of technological innovation with particular attention to collaborative knowledge construction tools, Mobile & Tablet Based Learning, as well as technical ability to design and implement ebooks (Media Educator). Ability to develop and evaluate increases in digital competence and new media literacy in the school context (Media Educator).
<b>Access prerequisites</b>	A bachelor's or master's degree or single-cycle degree awarded according to the system under Ministerial Decree No. 270/2004 or Ministerial Decree No. 509/1999 or previous systems.
