## Glossary

<b>Field of education</b>	The <a href="http://ec.europa.eu/education/international-standard-classification-of-education-isced_en">ISCED-F 2013 search tool</a> available at <a href="http://ec.europa.eu/education/international-standard-classification-of-education-isced_en">http://ec.europa.eu/education/international-standard-classification-of-education-isced_en</a> should be used to find the ISCED 2013 detailed field of education and training that is closest to the subject of the degree to be awarded to the student by the Sending Institution.
<b>Administrative Contact person</b>	A person who provides a link for administrative information and who, depending on the structure of the higher education institution, may be the departmental coordinator or works at the international relations office or equivalent body within the institution.
<b>Blended mobility</b>	Any mobility can be carried out as a “blended mobility” by combining the physical study period abroad with a virtual component at the receiving institution before, during and/or after the physical mobility to further enhance the learning outcomes.
<b>Short description of a virtual component</b>	A description of the virtual component of a blended mobility and the type of online activity(ies) undertaken. For example, it can be an online course, embedded in a course selected at the receiving institution; part of a blended intensive programme; and/or other type of virtual activity at the receiving institution.
<b>ECTS credits (or equivalent)</b>	In countries where the <a href="#">ECTS system</a> is not in place, in particular for institutions located in third countries not associated to the programme not participating in the Bologna process, "ECTS" needs to be replaced in the relevant tables by the name of the equivalent system that is used, and a web link to an explanation to the system should be added.
<b>Automatic recognition</b>	All credits gained abroad – as agreed in the learning agreement and confirmed by the transcript of records – will be transferred without delay and counted towards the students’ degree (study programme) without any additional work or assessment of the student. This is signalled in the learning agreement by the “Yes” check box. If the “No” check box is selected, a clear justification needs to be provided and an indication on what other type of formal recognition will be applied, e.g. registration in the students’ <a href="#">diploma supplement</a> or <a href="#">Europass</a> Mobility Document.
<b>Educational component</b>	A self-contained and formal structured learning experience that features learning outcomes, credits and forms of assessment. Examples of educational components are: a course, module, seminar, laboratory work, practical work, preparation/research for a thesis, mobility window or free electives.

The information concerns, for example, the qualifications offered; the learning, teaching and assessment procedures; the level of programmes; the individual educational components and the learning resources. The course catalogue should include the names of people to contact, with information about how, when and where to contact them.
<b>Responsible person at</b>	An academic who has the authority to approve the Learning Agreement, to exceptionally amend it

<b>the Sending Institution</b>	when it is needed, as well as to guarantee full and automatic recognition of the study programme described in the learning agreement on behalf of the responsible academic body.
