proficiency test (please note that simple certificates of attendance are not considered valid). The recognised language certificates for the five European vehicular languages are listed in Annex 1;

or

For the purposes of this notice, it is emphasised that certifications from certifying bodies and the CLA are taken into consideration regardless of the date on which they were obtained.

N.B. In the TURUL application, you are not required to enclose your certificate of language knowledge and declared level. However, you must be in possession, at the time of your application, of the certificate corresponding to the declared language and level, as required by the self-certification institution, and present it to the Offices if requested. If you have passed language tests at the CLA, you do not need to be in possession of the certificate: the Office will carry out the necessary checks directly with the CLA.
