### RESEARCH PROJECT

The research project requested is aimed to assess the aptitude of the candidate to propose a work plan within the chosen curriculum. The research project must, in fact, refer to the curricular thematics available at the following link:  
https://www.dida.unifi.it/vp-736-dottorato-di-architettura-e-progetto.html

The research project may be written in Italian or in English language and it must contain:
- applicant’s name and surname;
- title of the research project
- curriculum (indicating only one of the four present curriculum);
- summary and key words of max 500 characters, spaces included (identification of the research problem, main expected results, originality);

The research project, of min 5.000 / max 12.000 characters, (including spaces), must inclose:
- description of the research project (detailed description of the project with emphasis on the innovative aspects and scientific importance;

The project description should include:
- organization of the scientific problem and connected questions, with reference to the state-of-the-art;
- targets and expected results;
- methodology and activities (with an indication of the tools that you deem necessary for the performance, already owned or to be acquired);
- cultural and social interest and expected impact on the scientific community;
- bibliography.

Research projects will be evaluated as a priority, considering the main framework of the curricula.

## THEMATICS

The primary strategic objective of the Ph.D. programme in Architecture, in cultural and economic terms and both at a national and supranational level, is designing, surveying, taking care, conserving, and sustainable enhancing of the cultural heritage and of the built and unbuilt territories, from the smaller scale of buildings and artifacts/installations to the large scale of urban contexts and landscapes.

Regarding the specific objectives pursued within the priorities of the programmes, we suggest to visit the individual web pages of each curriculum where the research’s framework and case studies are presented:
