DOCUMENTS REQUIRED FOR THE ADMISSION (under penalty of exclusion)

● Copy of the Identification Document

● Self-declaration for qualifications obtained in Italy (laurea Triennale, Specialistica o Magistrale o ciclo unico) with a list of all exams taken and their marks, title of the thesis and graduation mark.
(download the form here, make sure you fill in all the fields)
**Qualifications obtained abroad (Bachelor’s and Master’s Degrees or combined cycle Degree) with a list of all exams taken and their marks, title of the thesis and graduation mark.**

*The same documentation except for the final mark must be submitted by those who will graduate within the 31/10/2024*

---

**DOCUMENTS REQUIRED FOR THE EVALUATION**

**MANDATORY**
- Curriculum vitae et studiorum (maximum 2 pages, A4)
- Research project (maximum 2 A4 pages)

**OPTIONAL**
- List of publications
- Thesis abstract
- Other qualification documents

---

**RESEARCH PROJECT**

The project may be written in Italian or English and must outline a possible research activity to be carried out within one of the research groups in the Dipartimento di Fisica e Astronomia or in the linked Enti di Ricerca.

The candidate may present the same project for the standard scholarship and for any scholarship with specific research topic and separate ranking lists he/she intends to apply for, or alternatively may present different projects for each scholarship, indicating clearly to which scholarship each project refers.

---

**INTERVIEW MODE**

Remotely (videocall)

The interview is conducted in English language.

---

**FURTHER INFORMATION**

The interview will concern the research project, the CV and the publications. Questions may be asked concerning the master’s thesis work and basic physics knowledge related to the project and to the thesis.
